FROM THE DIRECTOR

It has been a landmark year of growth and impact for the QA Helpline. With a focused commitment to our Queen Anne, Magnolia and South Lake Union communities we are addressing unmet needs with new services, deepening our impact by working smarter and increasing community awareness and engagement across the board. Thanks to your generosity we raised a record \$446,000 this past fiscal year allowing us to significantly increase our financial assistance grants, providing \$180,600 to 716 households, an increase of 19% over the previous year.

We have become a serious partner in tackling Seattle’s homelessness crisis by making prevention our top priority. We are doing this by providing a financial safety net to help keep people in their homes when they are experiencing an emergency situation. In fact, if not for the Helpline, many of our neighbors would become homeless. We also remain flexible so we can address emerging needs and embrace new best practices. For example we recently added Case Management services, funded through generous grants from Norcliffe and Windermere Foundations. With a goal of increasing self-sufficiency, we are already seeing significant benefits with clients accessing low-cost dental and medical services, gaining financial literacy and increasing their self-confidence. Recognizing the importance of data to inform our work, our new database provides us with information critical to our decision making and program evaluation while also increasing workplace efficiency.

The Queen Anne Helpline continues to grow our collaborative relationships. I’m thrilled with our new partnership with the West Seattle and North Seattle Helplines, creating the Seattle Helpline Coalition (SHC). This important new coalition is allowing us to leverage our collective work and broaden our impact. We are also extremely proud of our partnership with Compass Housing Alliance who is providing us with data allowing us to see the long-term impact of our assistance. All of this is possible because of you. It’s our partnership with our communities – each individual, business, community group, church and school – that we value most. Since 1982 - 34 years - your compassion, support and guidance has inspired and propelled our work. For that we remain deeply grateful. Thank you.
